

Worship Service Outline

Name: _____ Date: _____

This sheet is to be completed by a K-4 grade student of Zion Lutheran School for dates that they are not available for a scheduled singing date. This worship service outline serves as an alternative assignment for music, as singing in church is part of the student's music grade. Parents may need to help if necessary. One sheet must be completed by each student, for each singing date, even within the same family. This sheet should be fully completed and returned the next school day.
